Our Mission

Created to provide residents the help they need in combating these and other dilemmas facing residents in our community, The Gwinnett Coalition was formed nearly a decade ago through the efforts of the United Way, concerned residents and business owners in Gwinnett County. The Gwinnett Coalition is a non-profit organization.

Our mission is simple - to create public and private partnerships to create collaborative programs to improve the overall well-being of our community. The Gwinnett Coalition identifies required needs and resources, plans solutions and promotes community action to meet many needs throughout our community.

The Gwinnett Coalition also serves as an advocacy group for health and human service issues, promoting consensus-building among agencies, organizations, businesses, and individuals throughout Gwinnett County.

Gwinnett Coalition Councils

To address key issues facing the county, The Gwinnett Coalition has created councils and committees comprised of more than 1,000 health and human service providers, business leaders, parents, young people, and other concerned volunteers. Each council helps identify needs and develop results-oriented solutions.

Current Councils

- ◆ Improving Communications
- ◆ Positive Youth Development
- ◆ Strengthening Communities
- ◆ Strengthening Families
- ◆ Strengthening Resources

Other Activities

Based on the top priorities recommended by each council, The Gwinnett Coalition is developing on-going action agendas.

- Some of our major activities have included:
- ◆ Producing the first comprehensive human services needs assessment
 - ◆ Maintaining a computer-based information and referral system that allows service agencies to share resources and improve service delivery
 - ◆ Completing five-year plans for human services in Gwinnett County

 - ◆ Gwinnett Neighborhood Leadership Institute
